### Solid Comfort

For less than a-Cent-an-Hour

What gives more comfort than a cool breeze, on a hot day in the city? And how much isn't one willing to spend to get it—yes,, spend to go after

it and often not get it?
Yet, a cool breeze is one of the most easily derived of all hot weather comforts and one of the least expensive, when obtained from a Peerless Electric Fan.

### Peerless Electric Fans

It can be used in any room having an ordinary incandescent lamp socket. All you have to do to get a breeze is to connect fan to socket and turn the switch.
